business  
disability  
international

Ensuring consistent high  
performance from the built  
environment

It took you  
thirty years to figure  
out we should be talking  
to each other ...?

Find out why Learning Directly from Disabled  
People is indispensable for the success of any  
global business, and how to make it happen in  
our new publication.

## Only disabled people can say what is actually feels like to work in a business, or what they really need as customers

Find out why Learning Directly from Disabled People is indispensable for the success of any global business, and how to make it happen in our new publication.

## The only way to challenge widely held views and assumptions is for business leaders to consult and learn directly from disabled people

Find out why this advice is indispensable for the success of any global business, and how to make it happen in our new publication, 'Learning Directly from Disabled People'

**“In our experience, when we get things right for people with disabilities, we improve life for everybody. Our focus on disability is core to our business.”**

Ashok Vaswani, CEO, Barclays Personal and Corporate Banking

Find out why this advice is indispensable for the success of any global business, and learn how to make it happen in our new publication, 'Learning Directly from Disabled People'

**“Disability confidence leads to greater inclusivity, enabling us to attract and retain the best talent and be recognised as a provider of choice to our customers. We can only do that if we deliberately choose to listen, learn and act on the information of persons with disabilities, wherever we operate.”**

Pravin Rao, Chief Operating Officer, Infosys Ltd

Find out why this advice is indispensable for the success of any global business, and learn how to make it happen in our new publication, 'Learning Directly from Disabled People'
